### Computer Requirements (Hardware & Software) to join Illuminate Live! Sessions:

1. DSL/Cable internet connection (we cannot guarantee dial-up connections)
2. Have audio capabilities on your computer: sound card with speakers and a microphone, or headset
3. Sun's Java Web Start (Download at: <http://www.illuminate.com/support/softwaredownload.jsp>)

### Before you join the Illuminate Live! Sessions:

- Step 1: View Participant [Online Orientation](#), [Quick Reference Guide](#), and [Recorded Introduction](#)
- Step 2: Make sure your speakers and microphone are plugged in and working!
- Step 3: Visit the [Illuminate Live! First Time User](#) webpage to run the Java software check
- Step 4: Visit the [Illuminate Live! Configuration Room](#) to test your connection and configure your audio
- Step 5: 15 minutes before the session click on the appropriate link to join the session  
(the link(s) will be provided to you via the course website and/or email)

Note: After you connect, you will be able to communicate with the moderator and other participants through your microphone or through text messaging. To ask a question, click on the HAND button to raise your hand. (See the quick reference guide for details about the hand raising button)

The Illuminate Live! sessions may be recorded, however, you will be notified prior to the session. More information about the recordings and access to the recordings will be given at a later time, after the session.
